

Grade 1 Math – Arithmetic

Count, Add and Subtract with Coco the Owl! ✦

Hoot Hoot! I am Coco the Owl.

Arithmetic means playing with numbers - we count, we add, and we take away!

Our Number Line Road (0 to 10)

Captain Plus (+)

Plus means put together. Count them all - that is your sum!

$$2 + 1 = 3$$

Two apples and one more apple make three apples in all.

Sergeant Minus (-)

Minus means take away. Count what is left - that is the difference!

$$3 - 1 = 2$$

Start with three candies, take one away. Two candies are left.

Quick Tip!

You can count on your fingers too! Ten little fingers are ten little counting friends.

Grade 1 Math – Arithmetic

More Number Friends to Meet!

Zero the Empty Hero

Zero means nothing at all. An empty box has zero toys inside!

Counting Order

Numbers stand in order - 1, 2, 3...
Small numbers come first, big numbers come last.

Number Line Jumps

To add, jump right on the number line.
To subtract, jump left!

Math Words

Sum is the answer to adding.
Difference is the answer to subtracting.

Try It Yourself! ➡

2 apples plus 1 apple

3 candies minus 1 candy

2 stars plus 3 stars

4 balloons minus 2 balloons

Great Job, Little Mathematician!

Keep counting, adding and subtracting every day.
Numbers are fun when you play with them!
