

Grade 1 - Art

Creative Building

Meet Zoya's Magic Paintbrush!

Hi everyone! My name is **Zoya**. I have a magic paintbrush that turns my ideas into art!

Creativity means using your imagination to make new things — a drawing, a story, a tower of blocks, or even a dance! Everyone has creativity inside them, just like me!

Think it

Draw it

Build it

Show it!

Zoya's Big Idea

There is **NO WRONG WAY** to be creative! Your idea is special because it comes from **YOU**. Purple elephants, upside-down houses, singing robots — anything you imagine can become art!

Ways to Be Creative

Drawing

Painting

Building

Storytelling

Dancing

Singing & Music

Let's Create Something!

The Creativity Song

In my head I have ideas bright,
I draw them out with all my might!

A tower tall, a dragon too,
Creativity lives in me and you!

Paint or dance or sing a song,
There's no way that you go wrong.

Use your mind and make it new,
That's what creative kids can do!

My Creative Idea

Zoya Asks...

1. What could you build with blocks today?
2. What story would you like to tell?
3. If you could paint anything, what would it be?
